

The Big Bee Project

We are pleased to announce that Glodwick Infant and Nursery School have reached the final of the Big Bee Garden Makeover Competition!

This is a competition being run by Manchester Arndale Centre which sets out to inspire Mancunians to make their gardens, streets and communities more bee friendly. There are only three projects in the final and the winning project will receive a £5000 award to help make improvements in their garden! The project that gets the most votes is the winner.

If we are successful we will be able to make our outdoor playground and sensory garden an even better place for the children to learn.

The Big Bee Project family friendly Event is on from Monday 15th April until Sunday 28th April outside Topman on the lower mall of Manchester Arndale.

Why not take your children for a visit? There will be a pretty pergola of flowers, a giant honeypot, and lots of information about bees, gardens, and wildlife, as well as about the three finalists. You can also pick up a special packet of wildflower seeds to take home.

While you're there – put in a vote in for our project, and help Glodwick Infant and Nursery School to be the winners! We need everyone to go and give us your support.

Fingers crossed.

Mrs Kavanagh and the Sensory Garden Team
