

EYFS Reception - Long Term Planning

In the EYFS we consider children's interests when planning our curriculum. We aim to provide children with a broad and balanced curriculum that will provide children with the opportunity to make as much progress as possible whilst developing a love and enthusiasm for learning.

We create a simple plan based on our observations of children's interests as they enter Nursery and Reception. The details of the curriculum to be taught are added each half term but can be subject to change depending on the children.

A more detailed plan is added onto the class pages at the beginning of each half term so you can see what your child will be learning in school and use this to help support them with their learning at home.
